FAMILY OFFICE & INVESTMENT STRATEGY

FGK is structured around long-term capital preservation, disciplined growth, and strategic participation in the sectors shaping the future global economy.

ADVANCED TECHNOLOGY

AI, biotechnology, renewable energy, and innovation-focused ventures driving next-generation industries.

AEROSPACE & DEFENCE

Core strategic sectors with long-term investment in space, aviation, advanced robotics, and dual-use systems.

DIGITAL ASSETS

Cryptocurrency, DeFi, blockchain, fintech, cloud, data centres, cybersecurity, and immersive technologies.

REAL ASSETS

Real estate acquisition, management, strategic disposition, development, and infrastructure investment.

ENERGY & RESOURCES

Hybrid energy systems, sustainable mining, precious metals, commodities, and renewable-powered operations.

LOGISTICS & MARITIME

Global shipping, air cargo, land transportation, customs coordination, and time-critical supply chains.

ADVISORY & SERVICES

FGK is a trusted advisory partner for family offices, specializing in transformative investments, innovation, and strategic growth across generations.

01

ALTERNATIVE INVESTMENTS

Private equity, venture capital, real estate, hedge funds, infrastructure, and direct investments in high-potential startups.

02

REAL ESTATE ADVISORY

Acquisition, management, strategic disposition, development, and investment opportunity structuring.

03

TECHNOLOGY & INNOVATION

AI, biotechnology, renewable energy, and innovation-focused investment ventures.

04

GLOBAL INVESTMENT EXPERTISE

International markets, global growth opportunities, and currency exposure mitigation.

05

DIGITAL INVESTMENTS

Cryptocurrency, DeFi, blockchain, fintech, cloud computing, data centres, cybersecurity, and immersive tech.

06

DEFENCE & AEROSPACE

Advanced robotics, AI-driven systems, dual-use technologies, space exploration, and urban air mobility.

07

CROSS-SECTOR INNOVATIONS

Transformative opportunities at the intersection of aerospace, defence, technology, blockchain and AI.

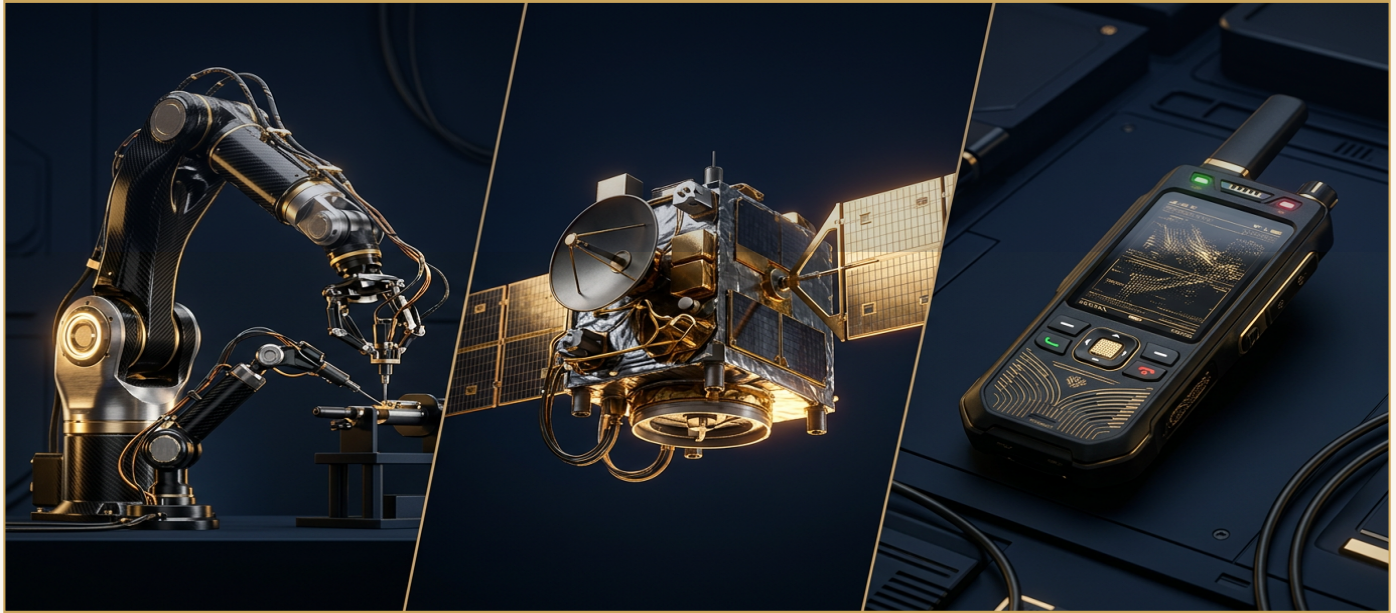

08

MINING INVESTMENTS

Sustainable mining operations, precious metals, strategic commodities, and renewable-powered initiatives.

OUR BUSINESSES

Building long-term value through strategic investments and operational growth across advanced industries and emerging technologies.

HUMANOID ROBOTS

Advanced robotic solutions supporting automation and next-generation operational capabilities, including autonomous security robots.

AI AUTOMATION

Intelligent end-to-end automation integrating advanced control systems, IoT connectivity, and AI-driven monitoring.

AEROSPACE

Core strategic sector forming part of the group's long-term investment and growth strategy in space and aviation.

DEFENCE SOLUTIONS

Strategic security, operational readiness, and advanced defence-related capabilities including AI-driven systems.

ENCRYPTED COMMUNICATIONS

Secure communication platforms supporting resilient and protected communications infrastructure.

SHIPPING & MARITIME

Orient Shipping Company Ltd. — one of the largest independent shipping agencies in the MENA region.

CARGO & LOGISTICS

Secure, time-critical air cargo and land transportation including customs coordination and last-mile delivery.

HYBRID ENERGY

Integrated power systems combining renewable energy, advanced storage, and conventional generation.

OUR BUSINESSES — CONTINUED

Continued portfolio of operating businesses and strategic ventures spanning agriculture, mobility, healthcare, and real assets.

FERTILIZERS & AGRICULTURE

Production, sourcing, and distribution of essential nutrient solutions supporting soil health and agricultural productivity.

MINING

Sustainable mining operations including precious metals, strategic commodities, and critical resource exploration.

REAL ESTATE

Asset-backed growth and infrastructure-oriented development including acquisition, management, and disposition.

EV AUTOMOTIVE

Future mobility and next-generation transportation across the electric vehicle sector.

SATELLITE SERVICES

Space-enabled communications and satellite-based service capabilities.

MEDICAL EQUIPMENT

Healthcare-focused investments in advanced diagnostics and intelligent treatment models.

MODULAR HOMES

Innovative modular and prefabricated housing solutions supporting affordable and scalable residential development.

SELF-FUNDED

SERIES B+

MULTI-SECTOR
